Dog Unity

Chef's kiss. Dog's bowl. Delivered to your door.

This is DogUnity.

Chef-crafted, human-grade dog food meals from the team behind CookUnity.

WHERE CULINARY MEETS CANINE

From Our Chefs

In our kitchens, ordinary is not an option. We obsess over every ingredient, every technique, every bite. Food is not just what we do. It is who we are.

We looked at our dogs and knew they deserved what we know how to make. Real food. Thoughtfully sourced. Prepared with care. The same standard we hold ourselves to every single day in the kitchen.

When our founder Mateo Marietti asked us to bring that same standard to the dog bowl, we did not hesitate. DogUnity is our answer. Chef-crafted, human-grade meals made with the same culinary intention we bring to every dish. For the dog who deserves nothing less.

Yours in good taste,

THE DOGUNITY CHEFS

GETTING STARTED

Switching to DogUnity

MAKING A SMOOTH TRANSITION

Introducing your dog to a new, premium food is exciting for both of you. To help your dog's digestive system adjust, we recommend a gradual transition over 10 to 14 days. Mix approximately 10% to 25% DogUnity with your dog's current food and gradually increase the proportion over 10 to 14 days until your dog is eating DogUnity exclusively. If needed, extend the transition period to accommodate your dog's individual tolerance. Monitor your dog closely and adjust as needed throughout.

25% — 50% — 100%

Gradually increase the DogUnity share over 10 to 14 days.

HOW MUCH TO FEED YOUR DOG

Every dog is different. Portion amounts are personalized based on your dog's size, age, and activity level. Scan the QR code below for your dog's personalized feeding calculator.

KEEPING IT FRESH

DogUnity meals arrive frozen and are best kept that way until you are ready to serve. Thaw in the refrigerator the night before serving. Once opened, refrigerate and use within 7 days. Unopened meals stay fresh in the freezer for up to one year.
